

## Health Zone Nurse Practitioner Led Clinic Nurse Practitioner Lead (Full-time)

Located in London, Ontario, the Health Zone Nurse Practitioner Led Clinic (NPLC) provides comprehensive primary health care to those who have limited access to care at 3 permanent and several outreach sites. Our mandate is to provide health services to women, children, and their families, who live in marginalized conditions, are in transition, and who encounter barriers to accessing health or social care. Working collaboratively with our inter-professional team, you will share leadership responsibilities with the Administrative Lead for ensuring that the clinic's programs, services and policies evolve in ways which reflect our Mission, Vision and Values.

Health Zone NP Led Clinic is seeking an experienced **Nurse Practitioner Lead** with a passion for providing high quality equity-oriented health care to the clients we seek to serve, while offering leadership, mentoring and clinical support to a dynamic inter-professional health team. A forward thinker, the NP Lead is the primary contact for clinical practice issues with staff, consulting physicians, community partners and other groups. As a clinical leader, he/she will provide clinical supervision and mentoring to clinical staff and advance the mission, vision and values of the clinic by supporting the development of innovative and impactful programs and services. As a primary health care provider, the NP Lead practices within the scope of the Primary Health Care NP role and according to The College of Nurses of Ontario standards of practice.

### Qualifications and Expertise:

- [ Primary Health Care Nurse Practitioner, registered as an RN in the Extended Class, in good standing, with the College of Nurses of Ontario;
- [ Bachelor's degree in Nursing with a Master's degree in Nursing or equivalent preferred;
- [ Minimum of 3-5 years experience in an NP role; experience in primary care, women's and/or family health care is an asset;
- [ Commitment to working within an inter-professional collaborative, strengths-based, health promotion framework and with clients who face social or other barriers;
- [ Proven leadership experience in health care administration;
  
- [ Superior interpersonal, communication, organizational, negotiation, and problem-solving skills;
  
- [ Self-motivated, flexible and creative approach to work;
  
- [ Demonstrated ability to welcome change and manage it innovatively;
- [ Proficient with computer technology and applications, including Electronic Medical Records;
- [ Proficiency in English required; proficiency in a second language preferred

**Compensation:** Competitive salary and benefits package
